The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-866-393-2303. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider or other underlined terms see the Glossary. You may view the Glossary at healthcare.gov /sbc-glossary or call 1-866-393-2303 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Tier 1---Single Plan: $1,000 employee Family Plan: $1,000 person/$2,750 family Tiers 2 & 3---Single Plan: $1,200 employee Family Plan: $1,200 person/$3,600 family	Generally, you must pay all costs from providers up to deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until total amount of deductible expenses paid by all family members meets overall family deductible.
Are there services covered before you meet your deductible?	Tier 1--Yes. Preventive services and physician office visits are some of services covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at healthcare.gov/coverage /preventive-care-benefits.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Single Plan: $4,000 employee Family Plan: $4,000 person/$8,000 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit is met.
What is not included in the out-of-pocket limit?	Preauthorization penalties, premiums, balance-billing charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See MyVHN.com or call 1-866-393-2303 for a list of network providers.	You pay the least if you use a Tier 1 provider. You may pay more if you use a Tier 2 or 3 provider. You pay the most if you use an out-of-network provider (Tier 4) and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance-billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You may see a specialist you choose without a referral.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
