

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. **NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-866-393-2303. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider or other underlined terms see the Glossary. You may view the Glossary at healthcare.gov/sbc-glossary or call 1-866-393-2303 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Tier 1---Single Plan: \$750 employee Family Plan: \$750 person/\$2,250 family Tiers 2 & 3---Single Plan: \$1,200 employee Family Plan: \$1,200 person/\$3,600 family	Generally, you must pay all costs from <u>providers</u> up to <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until total amount of <u>deductible</u> expenses paid by all family members meets overall family deductible.
Are there services covered before you meet your deductible?	Tier 1--Yes. <u>Preventive services</u> and physician office visits are some of services covered before you meet your deductible.	This <u>plan</u> covers some items and services even if you haven't yet met <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the out-of-pocket limit for this plan?	Single Plan: \$4,000 employee Family Plan: \$4,000 person/\$8,000 family	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> is met.
What is not included in the out-of-pocket limit?	<u>Preauthorization</u> penalties, <u>premiums</u> , <u>balance-billing</u> charges and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See MyVHN.com or call 1-866-393-2303 for a list of <u>network providers</u> .	You pay the least if you use a Tier 1 <u>provider</u> . You may pay more if you use a Tier 2 or 3 <u>provider</u> . You pay the most if you use an <u>out-of-network provider</u> (Tier 4) and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance-billing</u>). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You may see a <u>specialist</u> you choose without a <u>referral</u> .

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
