

## **MAJOR DIAGNOSTIC CATEGORY REPORT**

### **What is captured in this report?**

The Major Diagnostic Category report displays a summary of information about major diagnostic categories. For each major category, the report presents the total number of claims processed and the total amount paid for those claims.

### **Why run this report?**

This report is typically created to aid users with condition-specific trend analysis. Users can draw on information in this report to make decisions regarding potential wellness and health management programs.

### **What are the required data parameters?**

Users must select a range of incurred and paid dates to run this report.

### **What time periods are available?**

The data is refreshed nightly and is available as far back as 36 months from the current month.

### **Glossary of Terms**

For a complete glossary of terms, please see the Getting Started Guide.
